

## **IALEIA CHAPTER IN GREECE**

### **INTERNATIONAL ASSOCIATION OF LAW ENFORCEMENT INTELLIGENCE ANALYSTS**

#### **Mission statement of the IALEIA chapter in Greece**

As of today, January 13th, 2015 a Greek chapter of IALEIA is in existence. The International Association of Law Enforcement Intelligence Analysts is the largest professional organization in the world representing law enforcement analysts. It is based in the United States. IALEIA strives to capture the intelligence analysis experience of individuals and agencies and to convert and share that knowledge through law enforcement educational products. To enhance the analyst profession, IALEIA provides a certification program with a designation of Criminal Intelligence Certified Analyst (CICA).

The purpose of IALEIA is to advance high standards of professionalism in law enforcement intelligence analysis at the local, state/provincial, national, and international levels. Its aim is to enhance understanding of the role of intelligence analysis, encourage the recognition of intelligence analysis as a professional endeavour, develop international qualification and competency standards, reinforce professional concepts, devise training standards and curricula, furnish advisory and related services on intelligence analysis matters, conduct analytic-related research studies, and provide the ability to disseminate information regarding analytical techniques and methods.

The IALEIA chapter in Greece acts in accordance with the general principles of IALEIA ([www.ialeia.org](http://www.ialeia.org)). It also tries to establish and maintain contacts with other organizations such as the International Association for Intelligence Education (IAFIE) devoted to the study and teaching of intelligence, especially those in Europe.

An elected board and a voluntary executive committee has been established for the IALEIA Greek Chapter

***Dr. John M. Nomikos, Coordinator***  
***Dr. George Vardangalos, Treasury***

***Executive Committee***

***Nikos Papadopoulos, Newsletter Editor,***
